

Logco Hydraulic Oil ISO 46

Hydraulic Oil

Description **Logco Hydraulic Oil ISO 46** is a premium quality hydraulic oil, blended from solvent refined base stocks and incorporating a top of the range zinc dialkyldithiophosphate based hydraulic oil additive package.

Advantages **Logco Hydraulic Oil ISO 46** meets the following major specifications and performance standards:

- Vickers 35VQ25A, 1-286-S (Industrial hydraulic systems), M-2950-S (Mobile hydraulic systems)
 - Denison HF-0, HF-1, HF-2
 - Cincinnati Milacron P-68
-

Application **Logco Hydraulic Oil ISO 46** is designed for use in:

- Hydraulic Systems
 - Fluid transmission systems
 - Circulating Systems
 - Mist applicators
 - General Hand oiling
 - Machine Tools
 - Electric motors
 - Bearings-journal, antifriction
-

Technical Data	Appearance	Low viscosity amber/light brown liquid
	Specific Gravity @ 15.6c	0.86-0.88
	Flash Point (PMCC)	>220°C
	Viscosity	46
	Pour Point	-30°C
	Shelf Life (sealed container)	12 months minimum

Health & Safety

When working with **Logco Hydraulic Oil ISO 46** suitable protective clothing, eye/face protection and gloves should be worn.

For further health and safety information, please refer to the relevant Safety Data Sheet

Packaging

Logco Hydraulic Oil ISO 46 is available in 5, 20 and 200 Litre Containers

Storage

Logco Hydraulic Oil ISO 46 should be stored under dry, frost-free conditions away from direct sunlight, under such conditions the shelf life is at least twelve months.

Important Note

Whilst all reasonable care is taken in compiling technical data on the Company's products, all recommendations or suggestions regarding the use of such products are made without guarantee, since the conditions of use are beyond the control of the Company. It is the responsibility of the customer to satisfy himself that each product is fit for the purpose for which he intends to use it, that the actual conditions of use are suitable, and that in the light of our continual research and development programme the information relating to each product has not been superseded.
