

eco-lease MO2

Environmentally Friendly Biodegradable Chemical Release Agent

Description Logco eco-lease MO2 is a readily biodegradable chemical release agent specially formulated to give easy release from pre-cast moulds or formwork and provides a high quality surface finish to concrete.

- Advantages**
- Is essentially non-hazardous and readily biodegradable.
 - Suitable for use on all types of formwork and pre-cast mould materials.
 - A highly mobile liquid that is suspension and sediment free and as such can be used in very fine spray nozzles without clogging.
 - Has no unpleasant odour.
 - Is extremely economical due to the high coverage rates.
 - Is highly mobile, even at low temperatures.
 - May be applied to the formwork either prior to casting or after the formwork has been left until apparently dry.
 - The natural chemical reaction between Logco Greenlease Bio MO2 and the concrete promotes a uniform, matt, stain free concrete surface free from blow holes and surface blemishes.
 - Repeated use of Logco Greenlease Bio MO2 gives progressively better results from timber formwork.
 - Is suitable for use with both grey and white cements.
 - Provides a quick release of the formwork, reducing labour costs and damage to moulds.
-

Technical Data	Appearance	Low viscosity clear yellow liquid
	Specific Gravity @ 15.6c	0.854
	Flash Point (PMCC)	>133°C
	Viscosity cSt@40°C	6.0
	Pour Point	<-5°C
	Average Coverage	25-60m ² /litre
	Shelf Life (sealed container)	12 months minimum

Application

Logco eco-lease MO2 is supplied ready for use. It should never be diluted and should be applied as thinly and evenly as possible in order to optimise its performance.

Logco eco-lease MO2 can be applied to all types of formwork by spray, fine-haired brush, swab or roller—best results are achieved by low pressure spray equipment. Any excess should be removed.

If using Logco eco-lease MO2 on new or unsealed timber formwork pre-treatment is recommended with a second coat applied prior to use.

Logco eco-lease MO2 should be applied in well ventilated areas. Keep away from naked flames and electrical equipment.

Health & Safety

When working with Logco eco-lease MO2 suitable protective clothing, eye/face protection and gloves should be worn.

For further health and safety information, please refer to the relevant Safety Data Sheet

Packaging

Logco eco-lease MO2 is available in 20 and 200 Litre Containers. IBC's available on request.

Storage

Logco eco-lease MO2 should be stored under dry, frost-free conditions away from direct sunlight, under such conditions the shelf life is at least twelve months.

Important Note

Whilst all reasonable care is taken in compiling technical data on the Company's products, all recommendations or suggestions regarding the use of such products are made without guarantee, since the conditions of use are beyond the control of the Company. It is the responsibility of the customer to satisfy himself that each product is fit for the purpose for which he intends to use it, that the actual conditions of use are suitable, and that in the light of our continual research and development programme the information relating to each product has not been superseded.
