

Logco Indian Stone Sealer

High Performance Indian Stone Sealer

Description

Logco Indian Stone Sealer is a penetrating colourless sealer and is based on a carefully sourced blend of chemicals.

Logco Indian Stone Sealer will greatly increase the surface anti-abrasion properties on pathways, patios and general Indian stone features.

Enhances the natural look of the stone and leaves a satin non slip finish. Once applied the Indian stone is easy to clean and maintain.

Advantages

- Protects surfaces from abrasion and water penetration.
- Non-slip and restricts weed growth.
- Quick drying.
- Single component, ie no mixing involved.
- Can be used both internally and externally.
- Gives attractive satin finish.

Application

Logco Indian Stone Sealer is supplied as a ready to apply product by roller, brush or non-atomising spray. Do not over apply and brush out any runs that may occur. Usually one coat is sufficient but on porous surfaces two coats may be necessary. Allow 12 hours between coats.

Use only in well ventilated areas and away from sources of ignition.

Technical Data

Appearance	Low viscosity clear liquid
Specific Gravity @ 15.6°C	0.907
Flash Point (PMCC)	43°C
Viscosity cSt @ 40°C	N/A
Coverage	5—8m ² per Litre
