

Product Description

Bituclean is a pale yellow, eco-friendly cleaning fluid for removing bitumen from tools, equipment, or any other metallic surface. It mainly consists of refined vegetable oils, is biodegradable and also very safe to use compared to the traditional, more hazardous cleaning fluid, red diesel. Bituclean can also be used as a general degreaser, suitable for cleaning most surfaces, especially machines, tanks, tools, when a slightly oily finish is required.

Application

- Bituclean is supplied as a ready to apply product .
- Spray equipment is ideal for application.
- Spray equipment suitability should be trialled before full application.
- Bituclean can also be applied with brush, swab or rag if desired.
- Once applied, leave for 5-10 minutes before wiping away.
- The coverage rate is dependant on cleaning progress.
- Bituclean will leave a slightly oily finish.

Technical Data

Appearance	Pale yellow liquid
Specific Gravity @ 15.6c	0.897
Flash Point (PMCC)	>100°C
Viscosity cSt @ 40°C	9.620
Coverage	Applicable to cleaning progress
Recommended Dilution	None required

Advantages

- Highly biodegradable and eco-friendly.
- Designed to dissolve bitumen quickly.
- High flash point.
- Safe to use, not classed as an irritant or solvent.
- No special requirement for ventilation when used indoors.
- Single component, i.e. no mixing involved.
