

Product Description

Logco cure Sealer is a clear acrylic polymer resin sealer and is based on a carefully sourced blend of chemicals. It hardens, cures and seals. Will render surfaces dustproof. Logco cure Sealer will greatly increase concrete surface anti-abrasion properties particularly on warehouse\factory floors and is suited to power floated floors.

Application

- Logco cure Sealer is supplied as a ready to apply product by brush, roller or non-atomising spray. Do not over apply and brush out any runs that may occur.
- On new concrete apply by non-atomising sprayer at a rate of 5-6m² per litre ensuring any surface water has evaporated.
- On aged concrete ensure surface is clean and free from contaminants like oil and paint. Apply by sprayer, roller or brush. One coat may be sufficient but on porous surfaces a second coat may be necessary
- Use only in well ventilated areas and away from sources of ignition.

Technical Data

Appearance	Low viscosity clear amber liquid
Specific Gravity @ 15.6c	0.911
Flash Point (PMCC)	43°C
Viscosity cSt @ 40°C	N/A
Coverage	5-6m ² /litre
Recommended Dilution	None required

Advantages

- Protects many surfaces from abrasion and water penetration.
- Consolidates floor surfaces.
- Curing and sealing in one operation.
- Single component, ie no mixing involved.
- Can be used both internally and externally.
